

ORDER

U.S. DEPARTMENT OF TRANSPORTATION FEDERAL AVIATION ADMINISTRATION

CT 1050.3

March 1, 2005

SUBJ: PROHIBITIONS ON THE DISPOSAL OF WASTE

1. PURPOSE. This order establishes prohibitions on the disposal of waste and identifies prohibited improper disposal activities.
2. DISTRIBUTION. This order is distributed to all employees, tenants, and contractors via electronic mail.
3. CANCELLATION. None.
4. BACKGROUND. The Technical Center is subject to the New Jersey Department of Environmental Protection Phase II stormwater regulations, which require the promulgation of a policy, which prohibits the improper disposal of waste.
5. PROCEDURES. To comply with our permit the following activities are prohibited by all Center employees, contractors, and tenants:

Pets – animals are prohibited, except for disability assistance animals and those used for law enforcement, wildlife management, and security purposes.

Littering – this includes the improper disposal of items such as cigarette butts, candy wrappers, and convenience food packaging.

Waste Disposal – the spilling, dumping, or disposal of any materials other than stormwater into the Center's stormwater collection system is prohibited. This includes vehicle washing or maintenance outside of designated areas.

Wildlife Feeding – the feeding of wildlife is prohibited, except for baiting during authorized hunting periods, wildlife control programs, scientific studies in connection with natural resources remedial programs, or the feeding of songbirds.

Illicit Connections – any connection to the Center's stormwater collection system without the proper approvals is prohibited. Approvals are obtained through the Center's Master Planning and Siting Board.

6. RESPONSIBILITIES. Divisions, staffs, tenants, and contractors are responsible for ensuring adherence to the policies set forth above. Violations of this order are required to be reported to the Environmental Engineering Group, Stormwater Program Manager at extension 5-5999.
